

peaces Design System

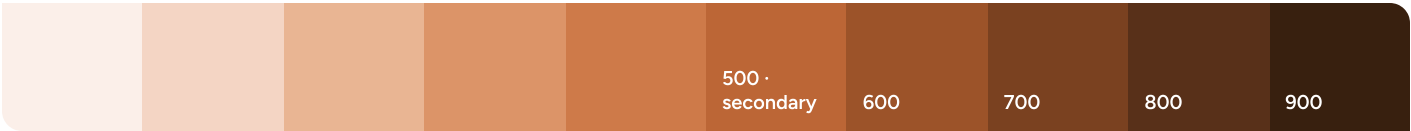

it's who we are.

Colors

Sage — primary

Clay — secondary

Sand & Ink — neutrals

One or two accents max per screen. Sage is the calm, confident primary action color; clay is used sparingly for energy and highlights. Full dark-theme token overrides live in `tokens/colors-dark.css`.

BRAND

The physical card

The real peaces card — a puzzle-knob connector, tapped between two people to connect. This shape is the source of truth for every connector-tab motif in the system.
